Study Academic English at the University of Toronto's English Language Program to help develop your competency in all four skill areas (writing, reading, listening, speaking), as well as in strategies in test-taking. Upon successful completion of each level, you will earn a Certificate for Academic English. A final grade of "B" in the highest level (Level 60) of Academic English meets the language facility requirement for most undergraduate and graduate degree studies at the University of Toronto. Weekly workshops, one-on-one meetings with your instructors, and immersion into the University of Toronto community will provide you with Canada's best language learning experience.
