Dear CFA® Candidate,

We have committed to ensuring that this is the best CFA® preparation course in the market. However, your success is also a direct function of your personal commitment and the level of time and effort you devote to your studies. Once classes begin, history has shown that a time commitment of between 15 and 20 hours per week, each and every week, is required until the CFA® Examination. There are no shortcuts to success.

If you have additional questions, please contact me by calling Nattaya Chaimahawong at the School of Continuing Studies at 416.978.7208 or email info.cfa@utoronto.ca. Our staff will ensure we connect sooner rather than later. Good luck with your decision!

Michael Hlinka
Our Passing the CFA® Exam Success Methodology

We have a unique, customized methodology designed to meet the special needs of busy professionals.

Prior to each lecture, participants will receive a 60-minute audio pre-lesson covering key concepts.

During lectures, the instructor will focus on the most difficult concepts.

After the lecture, participants are expected to read the CFA® source material as directed, followed by weekly self-tests designed to help evaluate mastery of that session’s study materials.

Support is provided by the instructor either through an in-person meeting during scheduled office hours, by email, or by telephone.

Finally, each week, participants are expected to take time to review the key concepts from previous study sessions.

Tuition fee: $1,995+HST

Prepare for May, August, November 2021 exam
